

CalEITC for Seniors

The California Earned Income Tax Credit (CalEITC) is a cashback tax credit that puts money back in your pockets!

It's time to start keeping more of what you've earned.

More older adults are working later into their lives making them the fastest growing segment of the labor force, according to the federal Bureau of Labor Statistics. Still, less than half of households led by people over age 55 have any savings. In a time of heightened financial insecurity, those working past retirement age may need some additional support to make ends meet.

The CalEITC is available to all workers making \$30,000 or less. Older workers with dependents could receive up to \$2,982, plus an additional \$1,000 through the new Young Child Tax Credit if those dependents are younger than age 6. Individuals could receive up to \$240.

HOW MUCH WILL YOU GET BACK?

*Text **EITC** to **555-888** and use our online calculator to find out how much money you can get back from the CalEITC

*Message & data rates may apply

You can claim the CalEITC all year long!
